Fall 1942 Price List of

Superior Glads

While this is being labeled as a fall price list, at this time we are uncertain as to whether our usual spring catalogue will be issued, and if you do not receive a catalogue in the spring, you may consider this as our 1943 list and order from it. You will note that many varieties of Glads formerly listed are omitted this year as we have cut down our planting very considerably; and while we have good stocks of many of the finer newer varieties this year, our planting of the standard commercial sorts has, in many cases, been greatly curtailed. The usual special discounts are being made for early orders in spite of increases in wages and the difficulty encountered in getting help at all. You, who wish to buy the newer things, are urged to order early and take advantage of these discounts.

SPECIAL DISCOUNTS

On all orders for \$5.00 or more accompanied by cash in full:

25% may be deducted if sent before Dec. 1st.

20% may be deducted if sent before Jan. 1st.

15% may be deducted for the rest of the season or until spring list is sent out.

Collections and items from the quantity list may be included for discount if your order totals \$10.00 or more. On orders of \$25.00 or more, you may select an additional 5% in extra bulbs. Those willing to pay transportation on items otherwise prepaid will be given extra bulbs to offset express charges.

TERMS

Prices quoted are prepaid except on "quantity prices." Most stock is shipped in the spring but that going out by express may be sent any time after bulbs are cured and fumigated which is usually about the first of the year. One bulb or bulblet may be purchased at one-eighth the ten rate; five at the ten rate; and 25 at the 100 rate unless otherwise priced and providing such item does not total less than 10c. On orders for less than \$1.00, please send 25c for handling charges. All stock offered subject to crop and subject to prior sale. Due to working shorthanded, we trust that you will bear with us in the case of any unavoidable delays. We thank each one of you who have written us letters of appreciation and all who have ordered from us.

WHITE GOLD

We wish to call to the attention of all our customers this fine new cream Glad originated by Dr. Geo. H. Scheer. It has many prizes at major shows to its credit. One of the best new Glads, this fine big cream Glad should have a place in your garden. Bulbs priced as follows: No. 1, \$1.20; No. 2, \$1.00; No. 3, 85c; No. 4, 75c; No. 5, 60c; No. 6, 50c each.
